

DECI-TEX® T-SERIES

Thermoformable Fiber Sound Absorption.

The DECI-TEX® platform is a fiber-based, acoustic, and thermal technology that yields a broad range of products, all being tunable and engineered for customer specific applications.

decitex@llproducts.com

DECI-TEX® T-Series.

THE LIGHTWEIGHT ACOUSTIC AND THERMAL INSULATION SOLUTION WITH SUPERIOR PERFORMANCE

DECI-TEX® delivers premium acoustic and thermal performance at lower weights and thicknesses.

DECI-TEX® engineered fiber solutions yield high resilience and achieve superior mechanical integrity over other forms of nonwoven insulation.

KEY ATTRIBUTES

- Highly compacted, fiber-based nonwoven composite
- Gives a shape to the acoustic solution through thermoforming to a 3D part of the material
- Unique combination of tunable acoustic performance, weight saving, and recyclability
- Perfect fit with mega trends in the automotive industry, especially for electric vehicles
- Ability to maintain adhesion and protect substrates when exposed to salt and humid conditions
- When applied outside; seals to eliminate intrusion of dust, water, etc.

REGIONAL AVAILABILITY

APAC, EMEA

TYPICAL APPLICATION AREAS

- Acoustic efficient airducts
- Quiet hush-panels
- Wheel well liners

KEY BENEFITS

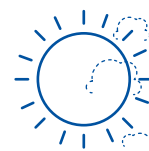

LIGHTWEIGHT

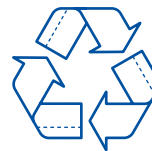

ODORLESS

WATERPROOF

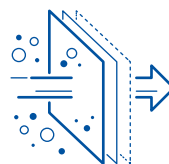

UV-RESISTANT

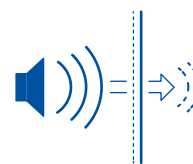

RECYCLABLE

FIREPROOF

DUSTPROOF

SOUND ABSORPTION

RECYCLED MATERIALS
